**SUPPLEMENTARY INFORMATION:** The FAA and NPS issued the proposed voluntary agreement for Statue of Liberty National Monument and Governors Island National Monument

pursuant to the National Parks Air Tour Management Act of 2000 on October 21, 2022 and announced a 30-day comment period. A voluntary agreement manages commercial air tour operations over a national park by establishing conditions for the conduct of the commercial air tour operations that help protect park resources and visitor experience without compromising aviation safety or the air traffic control system. During the comment period, the agencies received requests to extend the public comment. As the previous comment period has closed, the agencies are now reopening comment for an additional 30 days.

Written comments on the proposed voluntary agreement can be submitted via PEPC. The voluntary agreement document is also available at the PEPC site link included in the **ADDRESSES** section above. Comments will not be accepted by fax, e-mail, or any other way than those specified above. All written comments become part of the official record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment – including your personal identifying information – may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Issued in El Segundo, CA on November 25, 2022.
